Meeting purpose

The purpose of these meetings is to update residents on the Commission's work and to provide an opportunity for residents to share their thoughts, ideas, suggestions about a memorial. These meetings also provide opportunity for residents to raise any concerns they have and to ask questions.

No residents attended this meeting. Community Representatives remained on the call for the duration of the meeting. The Community Representatives discussed their commitment to engaging with the residents of Lancaster West Estate and what other steps the Commission could take to increase their contact with residents. All agreed that the planned face to face drop in sessions (details below) would be a good way to speak to the community directly.

The Commission is aware that this is a sensitive and stressful time for many due to the ongoing Inquiry and the approach of the four-year anniversary of the fire. It was also accepted that there had been a lot of engagement from the Commission on the memorial and from the government on the Tower recently, and this might be affecting attendance.

Residents are encouraged to join the next meeting, details will be sent closer to the time or please or contact the Commission to request joining instructions(contact details on following page) to give feedback on how they would like to hear from the Commission and share their views.

¹ For the purposes of the Memorial Commission, this refers to former residents of Grenfell Tower and Grenfell Walk.
